The 2010 Annual Report is an opportunity to consolidate existing MHSa plans (CSS, WET and PEI) and to integrate MHSa efforts into the broader BHS service delivery system. It is also a chance to reflect upon the impact of the state budget cuts and develop a comprehensive strategy to strengthen BHS overall by leveraging the principles, vision and opportunity afforded through the Mental Health Services Act. The Innovation Plan provides new opportunities to develop strategies to improve quality of care and access for unserved and underserved individuals.

We have scheduled both morning and evening public meetings to accommodate diverse scheduling needs. Please plan on attending one meeting time to provide feedback for the planning process.

If you require special accommodations to attend (interpreters, accessible seating, sign language or documents in alternate formats) please call us at 209-468-8871.
